

# Tarakeeb: Training

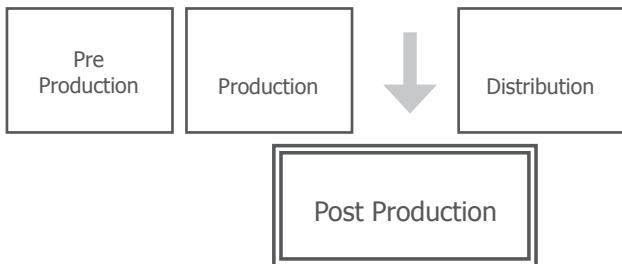

Video

Post-Production

## What is Video Post-Production?

Post Production is the stage that comes instantly after video production. Starts from edit preparation through the whole editing, compositing, color grading and finishing processes till creating your final output that is ready for distribution.

## Video Post-Production Careers

Post Production involves teams with a diverse range of skills and know-how in different technical fields.

Post-Production involves correcting production mistakes as well as delivering the final output. Hence, theory and practice are highly required in a complex overlapping blend with creativity.

Different career titles are there in the market. However, more are added everyday as the technology booms.

An **Editor**, is a one major career, it starts the whole phase, and needs concept as well as skills.

A **Motion Grapher** and a **Compositor** comes next or first according to project's workflow. However, creativity here is the core of the game.

Other roles include **Colorists, DVD Authors, Animators, Audio Editors**,...and others.

## **Video Post-Production Topics**

### **Final Cut Studio**

Edit, animate, mix, grade, and deliver on a Mac with the leading post-production suite, Final Cut Studio. Use ProRes codec to edit at high quality with reduced file sizes in a wide variety of workflows. Work with clients or colleagues in real time from anywhere in the world using iChat Theater. Add dramatic 3D graphics, repair common audio problems, and automate delivery in just a few clicks.

It includes Final Cut Pro, Motion, Color, Soundtrack Pro, DVD Studio Pro and Compressor.

### **Final Cut Server**

Final Cut Server can manage thousands of assets, execute dozens of routine production tasks, and keep every member of your team in sync—all while you continue working.

It integrates with Final Cut Pro, including support for the ProRes 422 (Proxy). Check out the project, edit with proxies on a MacBook Pro, and check the project back in for instant relinking to the original source.

### **After Effects**

With Adobe After Effects software, you can create compelling motion graphics and blockbuster visual effects with flexible tools that help save you time, deliver unparalleled creative power and benefit from tight integration with Adobe's leading design applications.

### **Other Topics Include:**

Apple Shake, Autodesk Combustion, Autodesk Smoke & Flame,...etc. Many other tools serve in the post-production market. However, the most integrateable and usable are what gets into our training focus.

# Final Cut Pro 7

**FCP 200:** A Comprehensive Study of Final Cut Pro 6  
Qualifies for Final Cut Pro 7 Level 1 Exam

## Course Description

This **5-day**, hands-on course teaches students to perform basic editing functions while becoming familiar with the Final Cut Pro user interface.

**Start with basic video editing techniques and work all the way through Final Cut Pro's powerful advanced features.** Learn to mark and edit clips, mix sound, add titles, create transitions, apply filters, and more. Topics include basic setup, customizing preferences and settings, capturing video and audio, various editing and trimming techniques, Ripple, Roll, Slip, and Slide tools, audio editing and audio creation, finishing and final output.

## Course Outlines

### I - Getting Started

- ↳ Apple Video Solutions
- ↳ Apple Training & Certification

### II - Creating a Rough Cut

- ↳ Editing in Final Cut Pro
- ↳ Building the Rough Cut
- ↳ Finishing the Rough Cut

### III - Refining the Rough Cut

- ↳ Trimming Clip Duration
- ↳ Refining Edit Points
- ↳ Refining the Editing Process

### IV - Customizing & Capturing

- ↳ Customizing Final Cut Pro
- ↳ Capturing & Transferring Footage

### V - Completing the Cut

- ↳ Applying Transitions
- ↳ Mixing Audio Tracks
- ↳ Creating Titles

### VII - Adding Effects & Finishing

- ↳ Changing Motion Properties
- ↳ Applying Filters
- ↳ Finishing & Outputting

# Final Cut Pro 7, Advanced Techniques

**FCP 300:** Advanced Techniques in Final Cut Pro  
Qualifies for Final Cut Pro 7 Level 2 Exam

## Course Description

This **3-day**, hands-on course teaches students hard-to-find advanced editing and finishing techniques. Learn how to create polished transitions, fix screen direction errors, edit multi-camera projects, work with nested sequences, create fantastic effects use filters creatively and composite like a pro. This course also covers advanced workflows for managing media and working with film.

## Course Outlines

### I - Advanced Editing

- ↳ Overview of Editing Basics
- ↳ Advanced Editing Techniques
- ↳ Trimming Basics
- ↳ Advanced Trimming
- ↳ Audio Editing
- ↳ Multicam Editing

### II - Visual Effects

- ↳ Compositing in Final Cut Pro
- ↳ Mastering Video Filters
- ↳ Nesting Sequences

### III - Project Management & Output

- ↳ Preparing for Finishing
- ↳ Troubleshooting Tips
- ↳ Outputting

# Motion 4

**Motion 101:** An Introduction to Motion 4  
Qualifies for the Motion 4 Level 1 Exam

## Course Description

This **3-day\***, hands-on course will familiarize students with Motion, Apple's revolutionary software for motion graphics design. This comprehensive course covers working with Motion's Real-Time Design engine and interface, behavior-based animation, parameter behaviors, blend modes, advanced particle system design, advanced title animation, working with templates, chroma key techniques, masking methods, advanced 3D features, working with audio, keyframing, and integration.

## Course Outlines

### I - Fundamentals

- ↳ Getting Around in Motion
- ↳ Building a Composite
- ↳ Working with Templates
- ↳ Using Motion with Final Cut Pro
- ↳ Sharing Your Project

### II - Animation

- ↳ Creating Animation with Behaviours
- ↳ Animating with Keyframes

### III - Motion Graphics Design

- ↳ Creating Content with Generators, Shapes, & Paint Strokes
- ↳ Creating Text Effects
- ↳ Working with Particle Emitters and Replicators
- ↳ Using Audio

### IV - Visual Effects Design

- ↳ Speed Changes & Optical Flow
- ↳ Stabilizing & Tracking
- ↳ Keying

### IV - An Introduction to 3D

- ↳ Building a 3D Scene
- ↳ Animating Cameras and Using Advanced 3D Features

\* In Tarakeeb we do it in 5 days duration

# Color Correction in Final Cut Studio

**Color 101:** Introduction to Color Correction in FCS  
Qualifies for the Color Correction Level 1 Exam

## Course Description

This **2-day\*** hands-on course will familiarize students with the color correcting capabilities of Final Cut Studio. **Start with the basics of color balancing and correction, and move on to the fine points of secondary grading**, including scene matching, using vignettes to isolate and track regions, creating advanced color effects and "looks," skin tone adjustments, adjusting the composition and framing of a shot, and much more.

## Course Outlines

### I - Getting Started

- ↳ Color Fundamentals & Terminology

### II - Color Grading in Final Cut Pro

- ↳ Color Correcting Basics:  
Controlling Contrast in Final Cut Pro
- ↳ Controlling Color
- ↳ Scene Continuity

### III - Introduction to Color

- ↳ Introduction to Color
- ↳ Primary Grading

### IV - Secondary Color Grading & Effects

- ↳ Basic Secondary Grading
- ↳ Advanced Secondary Grading
- ↳ Color Effects

### V - Advanced Techniques & Finishing

- ↳ Grade Management
- ↳ Key-framing Effects
- ↳ Recomposing & Tracking
- ↳ Rendering & Output

\*In Tarakeeb we do it in 3 days duration

# Sound Editing in Final Cut Studio

**Sound 101:** An Introduction to Sound Editing in FCS Qualifies for the Sound Editing Level 1 Exam

## Course Description

This **2-day** class guides you through editing audio files, repair field recordings, perform multitrack arranging and mixing, synchronize audio and video, analyze and fix common audio problems, and perform other creative sound design techniques. **This course focuses on practical, professional techniques used to add professional music and sound effects to video and multimedia projects.**

## Course Outlines

### I - Getting Started

- ↳ Digital Audio Fundamentals & Terminology

### II - Sound Editing & Mixing Basics

- ↳ Sound Editing Basics
- ↳ Sound Mixing

### III - Getting Soundtrack Pro to Work

- ↳ Getting to Know Soundtrack Pro
- ↳ Fixing Audio Files
- ↳ Editing in Frequency Spectrum View

### IV - Working with Dialogue

- ↳ Recording in Soundtrack Pro
- ↳ Editing Dialogue
- ↳ Automated Dialogue Replacement Using the Multitake Editor

### IV - Adding Special Touches to Your Track

- ↳ Spotting Sound Effects
- ↳ Scoring Using Loops

### V - Mixing & Conforming Multitrack Projects

- ↳ Advanced Mixing Techniques
- ↳ Conforming Multitrack Projects

# DVD Studio Pro 4

**DVDSP 101:** An Introduction to DVD Studio Pro 4  
Qualifies for the DVD Studio Pro 4 Level 1 Exam

## Course Description

This **3-days**, hands-on course delves into the world of DVD authoring with DVD Studio Pro 4. In this comprehensive course, students will learn everything they need to create a professional DVD title. **This course guides students through every aspect of DVD authoring, from initial storyboarding to burning and replication.**

Using compelling media and a real-world production workflow, students will learn how to create amazing MPEG 2 video with Compressor as well as create eye-popping motion menus directly in DVD Studio Pro 4. Students will also 'author' a DVD by creating buttons, interactive links, slideshows, playlists and even adding alternate audio stream and camera angles.

## Course Outlines

### I - Basic DVD Authoring

- ↳ Preparing your First DVD Project
- ↳ Exploring the Full Interface
- ↳ Setting Up a Simple DVD
- ↳ Creating Menus with DVD Studio Pro
- ↳ Creating a Chapter Index Menu
- ↳ Creating a Slide Show
- ↳ Adding Subtitles
- ↳ Finishing Your DVD

### II - Advanced Authoring & Design

- ↳ Encoding with Compressor
- ↳ Designing Advanced Menus
- ↳ Markers, Stories and Connections
- ↳ Scripting
- ↳ Creating Transitions
- ↳ Using Alternate Angles

### III - Working with HD

- ↳ Converting SD to HD

# After Effects CS4 Foundation

## Course Description

This **5-days**, hands-on course teaches you fundamental motion graphics design techniques from the ground up. It guides you in how to gather video, audio, and graphical source materials into layered compositions, make edits and adjustments, then bring it all to life with a powerful array of visual effects and animation techniques. These skills are demonstrated in a series of increasingly intricate projects. It also demonstrates workflows for keying and compositing, and delves in integration with other applications.

## Course Outlines

- ↳ What is After Effects
- ↳ Creating a Simple Project
- ↳ Project & Importing Essentials
- ↳ Using Compositions & Layers
- ↳ Creating Animation
- ↳ Understanding & Editing Video
- ↳ The Power of Effects
- ↳ Color Correcting Footage
- ↳ Creating & Animating Text
- ↳ Creating Animated Digital Paint
- ↳ Creating Animated Digital Drawings
- ↳ Motion Paths
- ↳ Intermediate Animation
- ↳ Concealing with Masks & Keying
- ↳ Compositing 101
- ↳ Stabilizing & Tracking Motion
- ↳ Working in 3D
- ↳ Using Audio
- ↳ Linking Audio Volume to Animation Properties
- ↳ Precomposing and Nesting Compositions
- ↳ Integrating with other Adobe Applications
- ↳ Exporting to Video & Media
- ↳ Bringing it All Together

# After Effects CS4 Beyond the Basics

## Course Description

This **5-days**, hands-on course explores advanced techniques for working with motion graphic elements, animation, color correction, and more. It provides tips for working more efficiently, and then moves on to advanced effects, detailed masking techniques, and real-world expressions. Integrating Photoshop into the After Effects workflow is also highlighted.

## Course Outlines

- ↳ Tips & Tricks for Increasing Efficiency
- ↳ Color Correction
- ↳ Color Correction in Camera Raw
- ↳ Blending Layers & Compositing
- ↳ Advanced Effects
- ↳ Making Particles
- ↳ Creating Common Motion Graphics Elements
- ↳ Advanced Animation
- ↳ The Principles of Animation
- ↳ Working with Photoshop Files
- ↳ Project: Animating Elements from a Photo
- ↳ Advanced 3D
- ↳ Mastering Masks & Shape Layers
- ↳ Playing with Time
- ↳ Intermediate Expressions
- ↳ Introducing Mocha
- ↳ Mastering Output
- ↳ Optimizing & Tweaking After Effects

# Administering Final Cut Server

**FCSvr 201:** Administering Final Cut Server  
Qualifies for the Final Cut Server Level 1 Exam

## Course Description

This **3-day** class guides you through administering Final Cut Server, Apple's powerful new media asset management and workflow automation software.

Final Cut Server takes the headache out of managing large collections of media files, then extends to tracking job status, managing reviews and approvals, and automating complex sequences of tasks all in a single product designed to work seamlessly with Final Cut Studio.

## Course Outlines

- ↳ Introduction
- ↳ Using Final Cut Server
- ↳ Working with Assets
- ↳ Working with Final Cut Studio Projects
- ↳ Working with Productions
- ↳ Working with Devices
- ↳ Working with Jobs
- ↳ Basic Final Cut server Administration
- ↳ Advanced Final Cut server Administration
- ↳ Workflow Scenarios
- ↳ Best Practices for Installation

### Note:

The official course is not always available. It is subject to the availability of a certified trainer. However, we offer a non-official version of the course all the time, and it qualifies to the same exam.

# Discounted Track

## Master Pro, Final Cut Studio

Master Pro  
Final Cut Studio

### Package:

The track is structured by Apple to qualify you and grant you the title:

### Apple Certified Master Pro, Final Cut Studio

The track courses are all packaged by Tarakeeb in full schedules and discounted for your own maximum benefit:

Course		Duration
FCP 200		5 full days
any 3 courses from	Motion 101	5 full days
	Color 101	3 full days
	FCP 300	3 full days
	STP 101	2 full days
	DVDSP 101	3 full days

### Package Benefits:

- Full courses benefits (References, Online exams, Open-end policy, ..etc.)
- Discounted Fees.
- Scheduling flexibility (every course is scheduled separately according to availability and your will).

### Payment Facilities:

The package fees can be paid on 3 installments as follows for Traditional Training:

EGP 4000 upon registration

EGP 3000 before starting in the second course

EGP 2000 before starting in the third course.

For More Details:

Kindly check the previous pages for courses details, or Contact us at Tarakeeb

One-to-One  
EGP 16000, -

# Discounted Package

## Final Cut Studio, The Full Package

### Package:

The package includes all the Final Cut Studio courses in full schedules blended and discounted for your own maximum benefit:

Course	Duration
FCP 200	5 full days
FCP 300	3 full days
Motion 101	5 full days
Color 101	3 full days
Sound 101	2 full days
DVDSP 101	3 full days

### Package Benefits:

- Full courses benefits (References, Online exams, Open-end policy, ..etc.)
- Discounted Fees.
- Scheduling flexibility (every course is scheduled separately according to availability and your will).

### Payment Facilities:

The package fees can be payed on 3 installments as follows for Traditional Training:

- EGP 4000 upon registration
- EGP 3000 before starting in the second course
- EGP 3000 before starting in the third course.
- EGP 2000 before starting in the fourth course.

For More Details:

Kindly check the previous pages for courses details, or Contact us at Tarakeeb

Traditional Training  
EGP 12000, -

One-to-One  
EGP 20000, -

## Other Courses

Many other tools serve in the post-production market. However, the most integrateable and usable are what gets into our training focus.

### Other Available Technical Courses

- Shake 4
- Storyboarding
- Animation Concepts
- Visual Effects in Depth

### One-Day Concept Courses

This Tarakeeb model offers training in a one full-day schedule. The course is based on a renowned reference book. You will own the book and have it overviewed to clarity by an expert Tarakeeb trainer.

Available topics are:

- Digital Video Fundamentals
- HD Video Fundamentals
- Digital Video Compositing Fundamentals
- Machmoving & Motion Tracking Fundamentals
- and more

### Workshop Courses

This Tarakeeb model offers skill-raising practice courses in 5 full-days schedule. Available topics are:

- Final Cut Studio Workshop
- and more
